

Stahlwille 730N/2 4-20 NM

Popis produktu:

· click-type · fast, accurate setting thanks to QuickSelect quick-action adjuster · dual stop signal · easy-to-read double scale with colour coding to differentiate between N·m/ft·lb and ft·lb/in·lb scales · the measuring element is only under load while force is being applied, no need for manual reset to zero · any force applied to the tool after the 'click' or applied in the opposite direction to the current function - e.g. forcible loosening of a jammed screw - does not act on the trigger mechanism and cannot cause damage to it · two-component handle with ergonomically designed green softer layers (resistant to oils, grease, fuels, brake fluids and Skydrol) · calibration using perfectControl calibrating unit No 7794 or calibration system No 7706. Adjustment without disassembly. · with certificate · supplied in textile bag (from size 65) · registered design · mount for interchangeable insert tools · QuickRelease safety lock · can be applied for either clockwise or anticlockwise tightening by turning the inserts over · display deviation value $\pm 3\%$ (size 2 | a/2 4 %)

Technická data:

Označení: 730N/2 4-20 NM

Obj. číslo: 50181102
